

座號：

(三)請應考人自備三角板、圓規、製圖鉛筆及橡皮擦。不可使用圓圈板及橢圓板。

Technical drawing of a mechanical part with dimensions and construction lines. The part has a total width of 60 and a total height of 65 (15 + 50). The top edge features a semi-circular profile with a radius of R25 on the right and a radius of R15 on the left. The distance from the left edge to the center of the R15 arc is 10. The distance from the center of the R15 arc to the center of the R25 arc is 5. The bottom edge has a 15-unit high section on the left and a 40-unit high section on the right. Construction lines A, B, and C are shown, indicating the geometric construction of the part.

(請接背面)

三、請依下列立體圖所示之尺度，以 1:1 比例繪製正投影視圖，視圖包含前視圖、俯視圖及右側視圖（不必標註尺度）。（25 分）
